* With a view to prevent parents and guardians from incurring the inconvenience and expense of preparing candidates who may be physically unfit for the Police Service, it is suggested that, before any such preparation is begun, candidates be submitted to examination by the medical adviser of the family, or any other qualified medical practitioner, with regard to the points which are indicated in Appendix III.

It is to be understood that this private examination is merely suggested to lessen the chances of disappointment and that it is by no means intended to take the place of, or to influence in any way, the official medical examination.

ANNEXURE.

COMPULSORY MATHEMATICS.

The course is as follows :—

(1) *Arithmetic.*—The whole of Arithmetic. (The use of Algebraical symbols and processes will be permitted.)

(2) *Algebra.*—The four simple rules, Fractions, Greatest Common Measure, Least Common Multiple, Factors, Remainder Theorem, Proportion, Simple Equations of one or more unknown quantities with easy problems, Quadratic Equations, with easy problems and theory of Quadratic Equations, Graphs and their applications.

(Candidates will be provided with squared paper.)

(3) *Geometry.*—Practical and Theoretical Geometry.

The questions on Practical Geometry will be set on the constructions contained in the annexed Schedule A, together with easy extensions of them. All figures should be drawn accurately, for which purpose every candidate should provide himself with a graduated scale, a pair of set squares, a protractor, a compass and a hard pencil.

The questions on Theoretical Geometry will consist of Theorems contained in the annexed Schedule B, together with easy extensions and deductions with numerical illustrations. Any proof of a proposition will be accepted which appears to the Examiners to form part of a systematic treatment of the subject; the order in which the Theorems are stated in Schedule B is not imposed as the sequence of their treatment. In the proof of the Theorems hypothetical constructions will be permitted.

(Candidates will be provided with squared paper.)

SCHEDULE A.

Bisections of angles and of straight lines.

Construction of perpendiculars to straight lines.

Construction of an angle equal to a given angle.

Construction of parallels to a given straight line.

Simple cases of the construction from sufficient data of triangles and quadrilaterals.

Division of straight lines into a given number of equal parts or into parts in any given proportions.

Construction of a triangle equal in area to a given polygon.

Construction of tangents to a circle and of common tangents to two circles.

Simple cases of the construction of circles from sufficient data.

Construction of a fourth proportional to three given straight lines and a mean proportional to two given straight lines.

Construction of regular figures of 3, 4, 6 or 8 sides in or about a given circle.

Construction of a square equal in area to a given polygon.

SCHEDULE B.

Angles at a point.

If a straight line stands on another straight line, the sum of the two angles so formed is equal to two right angles; and the converse.

If two straight lines intersect, the vertically opposite angles are equal.

Parallel straight lines.

When a straight line cuts two other straight lines, if—

(i) a pair of alternate angles are equal, or

(ii) a pair of corresponding angles are equal, or

(iii) a pair of interior angles on the same side of the cutting line are together equal to two right angles,

then the two straight lines are parallel; and the converse.

Straight lines which are parallel to the same straight line are parallel to one another.

Triangles and rectilineal figures.

The sum of the angles of a triangle is equal to two right angles.

If the sides of a convex polygon are produced in order, the sum of the angles so formed is equal to four right angles.

If two triangles have two sides of the one equal to two sides of the other, each to each, and also the angles contained by those sides equal, the triangles are congruent.

If two triangles have two angles of the one equal to two angles of the other, each to each, and also one side of the one equal to the corresponding side of the other, the triangles are congruent.

If two sides of a triangle are equal, the angles opposite to these sides are equal; and the converse.

If two triangles have the three sides of the one equal to the three sides of the other, each to each, the triangles are congruent.

If two right-angled triangles have their hypotenuses equal, and one side of the one equal to one side of the other, the triangles are congruent.

If two sides of a triangle are unequal, the greater side has the greater angle opposite to it; and the converse.

Of all the straight lines that can be drawn to a given straight line from a given point outside it, the perpendicular is the shortest.

The opposite sides and angles of a parallelogram are equal; each diagonal bisects the parallelogram and the diagonals bisect one another.

If there are three or more parallel straight lines and the intercepts made by them on any straight line that cuts them are equal, then the corresponding intercepts on any other straight line that cuts them are also equal.

Areas.

Parallelograms on the same or equal bases and of the same altitude are equal in area.

Triangles on the same or equal bases and of the same altitude are equal in area.

Equal triangles on the same or equal bases are of the same altitude.

Illustrations and explanations of the geometrical theorems corresponding to the following algebraical identities:—

$$k(a + b + c + \ldots) = ka + kb + kc + \ldots.$$
$$(a + b)^2 = a^2 + 2ab + b^2.$$
$$(a - b)^2 = a^2 - 2ab + b^2.$$
$$a^2 - b^2 = (a + b)(a - b).$$

The square on a side of a triangle is greater than, equal to, or less than, the sum of the squares on the other two sides, according as the angle contained by those sides is obtuse, right, or

acute. The difference in the case of inequality is twice the rectangle contained by one of the two sides and the projection on it of the other.

Loci.

The locus of a point which is equidistant from two fixed points is the perpendicular bisector of the straight line joining the two fixed points.

The locus of a point which is equidistant from two intersecting straight lines consists of the pair of straight lines which bisect the angles between the two given lines.

The Circle.

A straight line drawn from the centre of a circle to bisect a chord which is not the diameter is at right angles to the chord; conversely the perpendicular to a chord from the centre bisects the chord.

There is one circle, and one only, which passes through three given points not in a straight line.

In equal circles (or in the same circle), (*i*) if two arcs subtend equal angles at the centres, they are equal; (*ii*) conversely if two arcs are equal, they subtend equal angles at the centres.

In equal circles (or in the same circle), (*i*) if two chords are equal, they cut off equal arcs; (*ii*) conversely, if two arcs are equal, the chords of the arcs are equal.

Equal chords in a circle are equidistant from the centre; and the converse.

The tangents at any point of a circle and the radius through the point are perpendicular to one another.

If two circles touch, the point of contact lies on the straight line through the centres.

The angle which an arc of a circle subtends at the centre is double that which it subtends at any point on the remaining part of the circumference.

Angles in the same segment of a circle are equal; and if the line joining two points subtends equal angles at two other points on the same side of it, the four points lie on a circle.

The angle in a semi-circle is a right angle, the angle in a segment greater than a semi-circle is less than a right angle and the angle in a segment less than a semi-circle is greater than a right angle.

The opposite angles of any quadrilateral inscribed in a circle are supplementary; and the converse.

If a straight line touches a circle and from the point of contact a chord be drawn, the angles which this chord makes with the tangent are equal to the angles in the alternate segments.

If two chords of a circle intersect either inside or outside the circle, the rectangle contained by the parts of the one is equal to the rectangle contained by the parts of the other.

Proportion: similar Triangles.

If a straight line is drawn parallel to one side of a triangle, the other two sides are divided proportionally; and the converse.

If two triangles are equiangular, their corresponding sides are proportional; and the converse.

If two triangles have one angle of the one equal to one angle of the other and the sides about these angles proportional, the triangles are similar.

In any right-angled triangle the perpendicular to the hypotenuse from opposite vertex divides the triangle into two triangles which are similar to the whole triangle and to each other.

The internal bisector of an angle of a triangle divides the opposite side internally in the ratio of the sides containing the angle and likewise the external bisector externally.

The ratio of the areas of similar triangles is equal to the ratio of the squares on corresponding sides.

EXTRACT FROM THE REGULATIONS AS TO THE PHYSICAL EXAMINATION OF CANDIDATES FOR APPOINTMENTS UNDER THE GOVERNMENT OF INDIA.

[*These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.*]

[N B.—As regards candidates who have been wounded, a candidate who has lost one hand, fore-arm, or arm, or one leg below the knee might be accepted, but the following classes of wounds must be regarded as disqualification, viz., (1) Injury to head. (2) Loss of an eye; (3) Loss of leg above or through the knee.]

General physical requirements.

I. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

II. In the examination of candidates the Medical Board will apply the following table of correlation of age, height and chest girth :—

Age.	Height without shoe.	Chest.	
		Girth when expanded.	Range of expansion.
	INCHES INCHES.	INCHES.	INCHES.
16 to 20..	62½ and under 65	33	2
	65 ,, 68	35	2
	68 ,, 70	35½	2
	70 ,, 72	36	2½
	72 and upwards	36½	2½
21 and upwards.	62½ and under 65	35	2
	65 ,, 68	35½	2
	68 ,, 70	36	2
	70 ,, 72	36½	2½
	72 and upwards	37	2½

III. *Measurement of height.*—A minimum height of 5 feet 5 inches is imposed. The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths.

IV. *Measurement of chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and maximum will then be recorded.

V. The hearing must be good.

VI. The speech without impediment.

VII. The teeth in good order, i.e., decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth, where necessary for effective mastication.

VIII. The chest must be well formed, the lungs and heart sound.

IX. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

X. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints

XI. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

XII. A candidate must not be the subject of chronic skin disease.

XIII. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

Regulations as to Standard of Vision for the Indian Police Force.

1. Squint, or any morbid condition of the eyes or of the lids of either eye liable to the risk of aggravation or recurrence, will cause the rejection of the candidate.

2. The examination for determining the acuteness of vision includes two tests: one for distant, the other for near vision. APPENDIX V.

(NOTE.—Appendices V and VI are merely intended to show the principal leave and pension rules at present applicable to the Indian Imperial Police Service without going into minute details, and do not profess to deal with every case that may arise. The rules are subject to alteration, and any disputed question must be decided with reference to the authorised text of the Fundamental Rules in the case of leave and of the Civil Service Regulations in the case of pensions for the time being.)

ORDINARY LEAVE RULES FOR OFFICERS POSSESSING NON-EUROPEAN DOMICILE.

Leave is calculated in terms of "leave on average pay" and the amount of "leave on average pay" for which an officer is eligible is $\frac{1}{11}$th of the period spent on duty.

Subject to certain maxima and minima, an officer may draw, at his option, leave salary equal to the average pay of the last twelve months of completed duty or to half such average pay. All leave on average and half the period on half average pay is counted against the leave earned. An officer may take his leave on average pay, on half average pay, or on a combination of the two, provided that this continuous absence from duty does not exceed twenty-eight months, and that the amount of leave taken on average pay does not exceed four months at any one time. The maximum amount of leave admissible during an officer's career is the equivalent of leave on average pay *for* 2½ years plus $\frac{1}{11}$th of the period spent on duty, of which not more than $\frac{1}{3}$th of the period spent on duty may actually consist of leave on average pay.

III.—GENERAL.

Leave not due and carrying half average pay may be granted on medical certificate, and within certain limits, for other reasons, but an officer will not again commence to earn leave until the expiration of a fresh period of duty sufficient to earn a credit of leave equal to the leave he has taken before it was due. After twenty-eight months' absence from duty an officer of the Indian Imperial Police Service draws quarter average salary subject to certain maxima and minima.

Leave salary is ordinarily payable in rupees if the officer spends his leave in India or Ceylon, and in sterling if he spends it elsewhere. The rate of exchange for the conversion of leave salary is prescribed from time to time by the Secretary of State. At present it is the current rate of exchange subject to a minimum of 1s. 4d. during the first four months of leave and 1s. 6d. during the remainder.

It should be noted that leave can never be claimed as of right, but is given or refused at the discretion of Government.

APPENDIX VI.

(See Note at commencement of Appendix V.)

7. Government may retire any officer after he has completed 25 years' service without giving reasons, and without admitting any claim to compensation in addition to pension, and in that event the pension admissible to him will ordinarily be regulated on a scale not exceeding that laid down above. The right reserved to Government under this rule will not be exercised except when it is in the public interest to dispense with the further services of an officer. Government also reserves the general power to reduce the pension ordinarily admissible in all cases where an officer's service has been unsatisfactory.

Additional Pension.

8. The Government of India have classified certain high appointments into two grades, the lower comprising those posts which involve high but intermediate responsibility, the higher consisting of those which require a marked degree of independent, administrative and professional capacity. Officers who have held appointments in the lower grade will be entitled to an additional pension at the rate of Rs. 300 per year for each completed year of effective service in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 1,500 in respect of service classed in the lower grade. Officers who have held appointments classed in the upper grade will be entitled to an additional pension at the rate of Rs. 500 for each completed year of effective service rendered in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 2,500 in respect of service rendered in the lower and upper grades combined or in the upper grade alone.

DUTIES AND POWERS.

General.

9. Subject to any general or special orders of the Secretary of State in Council, the Auditor-General shall be—

(i) the final audit authority in India ; and

(ii) responsible for the efficiency of the audit of expenditure in India from the revenues of India.

He shall further be, to the extent authorized by these rules, the administrative head of the Indian Audit Department.

10. The Auditor-General shall have authority—

(i) to inspect, either personally or through any audit officer, any Government office of accounts in India ;

(ii) to arrange for test audit in any Government office of accounts ;

(iii) subject to any orders of the Secretary of State in Council prescribing the nature and extent of the audit to be applied to specified classes of expenditure, to frame rules in all matters pertaining to audit, particularly in respect of the method and extent of audit and the raising and pursuance of objections.

Duties and Powers as regards Audit.

11. (a) The Auditor General, without prejudice to his other audit functions, is responsible that audit is conducted with reference to the following canons, namely :—

(1) Every public officer should exercise the same vigilance in respect of expenditure incurred from Government revenues, as a person of ordinary prudence would exercise in respect of the expenditure of his own money.

(2) Money borrowed on the security of allocated revenues should be expended on those objects only for which, as provided by rules made under the Act, money may be so borrowed. If the money is utilised on works which are not productive, arrangements should be made for the amortisation of the debt.

(3) No authority should exercise its powers of sanctioning expenditure to pass an order which will be directly or indirectly to its own advantage.

(4) Government revenues should not be utilized for the benefit of a particular person or section of the community unless—

(i) the amount of expenditure involved is insignificant, or

(ii) a claim for the amount could be enforced in a court of law, or

(iii) the expenditure is in pursuance of a recognized policy or custom.

(5) No authority should sanction any expenditure which is likely to involve at a later date expenditure beyond its own powers of sanction.

(6) The amount of allowances, such as travelling allowances, granted to meet expenditure of a particular type, should be so regulated that the allowances are not on the whole sources of profit to the recipients.

(b) The Auditor-General, or any principal auditor should bring to the notice of the Governor-General in Council or the Local Government, as the case may be, any breach of one of these canons.

12. The Auditor-General shall, if so required by the Governor General in Council—

(a) arrange for the audit of the accounts of the receipts of revenue of any Government department, the accounts of any public or quasi public body, or any other accounts, although they may not relate directly to the receipt and expenditure of Government moneys ; and

(b) arrange for the audit of stores or stock in the possession of an officer or a department of Government, and for the audit of grants of land and alienations of land revenue.

13. If the Auditor-General considers it desirable that the whole or any part of the audit applied to Government accounts shall be conducted in the offices in which those accounts originate, he may require that those accounts, together with all books, papers and writings having relation thereto, shall at all convenient times be made available in those offices for inspection by his audit officers

14 When an objection taken in the course of audit cannot be adjusted by a principal auditor in consultation with the authorities concerned, the Auditor General may either instruct the principal auditor to withdraw the objection or require the Governor-General in Council or the Local Government concerned to obtain the requisite sanction, or in default, to recover the amount under objection :

Provided that—

(i) if the objection to any expenditure is based solely on the ground that such expenditure contravenes one of the canons set out in Rule 11 above, the Auditor-General or principal auditor shall withdraw such objection at the request of the Finance Department of the Government concerned if the Finance Department states that the breach of the canon and the action taken thereon by the Government will be reported as soon as possible to the Committee on Public Accounts, and

(ii) if the Governor-General in Council or the Local Government, as the case may be, orders in writing that the recovery of the amount under objection shall be foregone, the Auditor-General or principal auditor shall withdraw such objection, but may require that the action taken shall be reported as soon as possible to the Committee on Public Accounts.

15 (1) The Auditor-General shall, on such dates as he may prescribe, obtain from each principal auditor, and from any officers of the Indian Audit Department to whom he may entrust this duty, Audit and Appropriation Reports reviewing the results of the audit conducted by and under such officer during the past official year. Any officer of Government may be called upon to provide any information necessary for the preparation of these reports, which shall be in such form and shall deal with such matters as the Auditor-General may prescribe. On receipt of these reports the Auditor-General shall transmit them to the Governor-General in Council or to the Finance Department of the Local Government concerned with such comments as he may think fit.

(2) The Auditor-General shall forward to the Secretary of State through the Governor-General in Council the several reports dealing with the total expenditure in India in each year with his detailed comments on each report, and may also offer such further comments of a general nature as he may think fit.

16 (1) The Auditor-General may on his own motion, and shall on reference being made to him by the Governor-General in Council or by a Local Government, review any audit decision of any audit officer, and, if he thinks fit, overrule it.

(2) The Auditor-General may dispense with a previous reference to the Secretary of State in Council, otherwise required by the rules regarding sanction to expenditure from time to time in force, in cases where, in his opinion, the failure to obtain the sanction of the Secretary of State in Council involves a breach of the letter rather than of the spirit of the rules.

17. The Auditor-General shall have power to require that any books, papers or writings relating

to the accounts audited by the Audit Department shall be sent for inspection by him or by any other officer of the Indian Audit Department, provided that—

(i) if the Governor-General in Council or the Local Government, as the case may be, certifies that the documents in question are secret, the Auditor-General or officer, as the case may be, shall accept, in lieu of such documents and as a correct account of the facts stated therein, a statement certified by the Governor-General in Council or the Local Government; and

(ii) if the documents are confidential, the officer, to whom they are made over shall be responsible for preventing disclosure of their contents

Duties and Powers as regards Accounts.

18. The Auditor-General shall compile the Finance and Revenue Accounts of India in such form as may from time to time be prescribed by the Secretary of State in Council and shall send them to the Governor-General in Council for transmission to the Secretary of State in Council. He may call upon any Government officer to furnish any information in such form as may be required for the completion of these accounts.

19. The Auditor-General shall have power to prescribe the forms in which accounts shall be kept in audit offices: provided that no change which will affect the form of the Finance and Revenue Accounts shall be made without the previous sanction of the Secretary of State in Council.

Minor changes of detail, such as the opening of new minor heads, alterations affecting minor or detailed heads, and the like, are not changes "affecting the form of the Finance and Revenue Accounts" within the meaning of this rule.

20. If a doubt or a dispute arises as to the major head under which a particular minor head, or as to the minor head under which a particular detailed head should be included, it shall be decided by the Auditor General.

21. The Auditor-General shall prepare in each year a review of the balances in the books maintained by the audit departments and shall send it to the Governor-General in Council for submission to the Secretary of State in Council.

22. The Auditor-General shall have power to determine the form in which officers rendering accounts to the Indian Audit Department shall render such accounts and in which the initial accounts, from which the accounts so rendered are compiled or on which they are based, shall be maintained.

23. The Auditor-General shall supply, or shall arrange that officers subordinate to him supply, any information required by the Governor-General in Council or by a Local Government which can be derived from the accounts maintained in the offices under his control.

24. The Auditor-General shall arrange that such assistance as may be required shall be rendered by the officers of the Indian Audit Department to the Governor-General in Council, the Local Governments and other authorities in the preparation of their annual budget estimates.

25. If in any case the Secretary of State in Council has declared that the maintenance of the provincial accounts of a specified province or of the accounts of any department of the Central Government is transferred to an authority other than the Auditor-General, the duties and powers of the Auditor-General in relation to the accounts of such province or department shall be as follows:—

(i) The officers and establishments employed upon such maintenance shall not be subordinate to him

(ii) He shall be responsible for the inclusion of the accounts in the Finance and Revenue Accounts of India.

Office of the Board of Examiners, Chepauk, Madras, 7th September 1926.

OXFORD SCHOOL CERTIFICATE EXAMINATION, 1927.

It is hereby notified that the Oxford School Certificate Examination will be held at Madras on or about the 12th of July 1927.

2. The District Educational Officer, Madras district, Old College, Nungambakkam, is the Local Secretary for the conduct of the examination.

3. The details of subjects for the examination, the time tables and the exemptions from the various examinations of the United Kingdom, which a candidate holding an Oxford School Certificate can secure, are set forth in the general regulations for 1927 for Oxford Local Examinations, copies of which can be had from the Local Secretary.

4. The ordinary fee for the School Certificate Examination is minimum Rs. 33-12-0 (University fee £1 15-0 plus local fee Rs. 7-8-0) and maximum Rs 52-8-0 (University fee £3 plus local fee Rs. 7-8-0). Candidates who offer scientific subjects such as Physics, Chemistry, Botany, etc., and who have to take a practical examination will have to pay an additional fee of Rs. 2-8-0 for each subject in which a practical examination is held. The actual amount of the University fee will depend upon the number of candidates who enter for the examination. If more than seven candidates appear for the examination, the maximum University fee of £3 will be proportionately reduced. The local fee and the fee for the practical examination are invariable.

5. Applications for the examination should be in the entry forms prescribed for the purpose.

6. The examination is open to all candidates whether male or female without limit of age, but no candidate will be eligible for Honours or distinction whose eighteenth birthday falls before the first day of the month in which he or she is examined.

7. School Certificates are of two kinds, A and B. Certificate A will testify that the holder has passed the examination and has been in attendance for at least three years at one or more 'approved' schools and will also record his course of study at school. Certificate B will contain no reference to the place of education and will be awarded to successful candidates who have not attended an 'approved' school or who leave without completing three years' attendance.

8. The 'approval' of schools can take retrospective effect. A candidate's course of study has not to be recorded in the 'A' certificate, for each of three or more separate years, the entry being merely to consist of a statement of those subjects which he has taken regularly during his school life. The subjects taught in the 'approved' school need not therefore exactly correspond to those prescribed for the Oxford School Certificate Examination. The Delegates deprecate, however, the addition of any subject which is not strictly educational, e.g., dancing. Heads of institutions who are desirous of having their institutions 'approved' for presenting candidates for the Oxford School Certificate Examination should apply to the District Educational Officer, Madras, who is the Local Secretary, through the District Educational Officers concerned, or the Inspector of European Schools, if the school is one recognized under the Code of Regulations for European Schools.

9. Applications for entry forms should be made to the undersigned after the 15th of January next.

10. Candidates should send in their entry forms duly filled up and signed accompanied by money order or cheque drawn in favour of the District Educational Officer, Madras, on the Imperial Bank of India, Madras, Rs. 52-8-0 plus the practical examination fee for the Science subjects which have a practical examination at Rs. 2-8-0 per subject: and the entry form together with the money order or cheque should reach the undersigned on or before 12th April 1927. If a sufficiently large number of candidates enter for the examination, the fee will be reduced and refund will be made of a portion of the fee paid. Candidates who intend to enter for any science subject in which there is a practical examination should notify their intention to the Local Secretary before 7th October next forwarding one-eighth of their examination fee, viz., Rs. 6-14-0, and specifying the science subjects offered.

11. To ensure safety the entry forms should be sent by registered post.

12. The place at Madras where the examination will be held will be notified later.

EUROPEAN SCHOOL-LEAVING CERTIFICATES.

HIGH SCHOOL EXAMINATION, NOVEMBER 1926.

INSTRUCTIONS FOR THE GUIDANCE OF HEADS OF INSTITUTIONS IN REGARD TO THE SUBMISSION OF CERTIFICATES FOR COMPLETION.

1. Heads of institutions are requested to read carefully through the instructions which relate to the submission of School-Leaving Certificate duo in this office by the 3rd January 1927 next and see that every item is attended to carefully.

2. Although the 3rd of January is the latest date fixed for the submission of certificates, it will be an advantage if the certificates can be sent as early as possible in December as this will facilitate the preliminary arrangements for tabulation. Heads of institutions are accordingly requested to be good enough to send the certificates at as early a date as practicable. *The certificates should not be sent in instalments: all the certificates of an institution should be sent together.*

3 The certificates should be sent packed in stout long cloth or other suitable material; parcels in which *paper* is used for packing are frequently damaged in transit and arrive in a mutilated state.

If it happens that the certificate of any pupil cannot be sent along with those of the others, a statement showing the certificate number, name of pupil, and the number of marks obtained by him at school in each of the subjects of Groups A and B for which he appeared at the Public Examination as also the school average in each of these subjects should be submitted as these particulars are required for purposes of finding out the average mark at school of pupils from the school actually appearing for the Public Examination.

4. The parcel of certificates should be sent preferably *by registered post*.

5. In cases where a certificate is not to be sent at all by reason of the pupil having absented himself from the Public Examination or having failed to fulfil the conditions regarding attendance, etc., a letter explaining the circumstances should be submitted, the certificate number and name of the pupil being mentioned therein.

6. Errors of omission and commission with regard to the entries in the certificates should be carefully avoided; the omission of a necessary entry or the existence of an incomplete or incorrect one, necessitates correspondence and the progress of tabulation work is retarded which results in the certificates being detained. If in scrutinising the S.L. Certificates, the head of the institution finds that a pupil

below the age of 15 was sent up for the examination, the Director of Public Instruction should at once be addressed through the Inspector of European Schools, Madras.

7. *Heads of institutions are particularly requested to look at each page of the certificate and carefully scrutinize the entries with a view to supplying omissions or rectifying mistakes. Alterations should invariably be attested with the headmaster's initials.*

8. In cases where pupils have been exempted from the age rule by the Director of Public Instruction, the number and date of the Proceedings of the Director of Public Instruction should be quoted in the appropriate place in the certificate, i.e., on page 2 of the certificate against date of birth in the case of age exemption, so that the completion of the certificate may not be objected to. It is requested that the communication from the Director of Public Instruction may be sent to this office as *original* for ready reference; it will be returned along with the certificate; citation of the number and date of the communication in the certificate should not be omitted although the communication itself is sent to the office in original.

9. The *Standard average* is omitted in a number of certificates; much time is lost in supplying the omission not to speak of the inconvenience that is caused to the office on that account.

Heads of institutions are particularly requested to see that the Standard average is entered in all certificates sent for completion and that the entry made is correct in all cases. Certificates in which the entry relating to Standard average is omitted or incorrectly made will be returned.

10. It is requested that a report in the annexed form may be sent along with the certificates. A separate communication advising despatch of the certificates is not necessary.

PRESS COMMUNIQUÉ.

MADRAS TIMBERS.

Information is now to hand that the Government Timber Depot at 72, Sydenham's Road, Madras, has opened for business. Its object is not in any way to act an open competition with local timber merchants, but to serve as an outlet for the many Madras timbers which are so little in demand in the local markets and the supplies of which are so great in the extensive forests in the western portion of the Presidency.

Heretofore, Burma teak has controlled the Madras market, mainly in view of the general belief that it was superior in strength and quality to that obtained from our forests. In this connexion it is interesting to note that the reports recently obtained from the Forest Research Institute, Dehra Dun, about results of tests show that the two varieties are similar in all respects and that the same co-efficient of strength formula may be applied in each case and as a result the Public Works Department are accepting and even giving preference to local grown teak over Burma teak.

Local prejudice however is hard to overcome, and one of the aims of the Madras Depot is to provide a centre from which local merchants may obtain small supplies of machine sawn teak timber. Stocks are now on hand and the prices compare favourably with those for Burma teak.

In addition, attention must be drawn to the uses of other Madras timbers. It is not generally known that a plant has been installed at Olavakkote for the artificial seasoning of timber. The results obtained are very satisfactory.

Species which was hitherto thought to be of very little use is now found to be thoroughly suited for building purposes after being seasoned by this process. One noteworthy success has been attained in connexion with Poon. Supplies of this species are on sale in the Depot and are well worth inspection.

It is hoped in the near future to introduce many other species and so to encourage and supply the local consumer with a thoroughly seasoned class of material which in addition to benefiting himself will also benefit the Presidency by utilizing its large natural resources of rich forests.

Detailed information as to the kind and quantity of timber available and the uses to which they can be put can be obtained by applying to the Forest Utilization Officer, Chepauk, Madras.

H. A. LATHAM,
Acting Chief Conservator of Forests.

271. Read, approved and recorded the minutes of the proceedings of the previous meeting held on Friday, the 6th August 1926.

272. Read a letter dated the 8th August 1926 from M.R Ry. Diwan Bahadur Govindoss Chathoorboojadoss Garu, Trustee, stating that he will be out of Madras for a period of about two months from the 15th August 1926.

Resolved that M.R Ry. Diwan Bahadur Govindoss Chathoorboojadoss Garu be granted permission to be absent from the meetings of the Board during the aforesaid period of his absence from Madras.

273 Read and approved the Chairman's draft letter to Government submitting for sanction a re-appropriation statement providing for an additional allotment of Rs 3,25,000 for expenditure on Capital Works during 1926-27.

274. Read again Resolution No. 304, dated the 23rd November 1924, sanctioning two estimates aggregating to Rs 4,000 for the provision of three mooring bollards, two on the West Quay and one on the East Quay as well as G.O. thereon Mis No. 696, Finance (Marine), dated the 8th December 1924, sanctioning the debit to Capital of the expenditure

Read a note by the Chairman stating that owing to the construction of the new North Quay and the installation of electric cranes on the West Quay which interfered with the former mooring arrangements, three new additional mooring bollards had to be provided on the West Quay and submitting for sanction, in substitution of the two estimates sanctioned in the above quoted Resolution, a revised estimate amounting to Rs. 5,200 for providing five mooring bollards on the West Quay and one on the East Quay.

Resolved that the revised estimate amounting to Rs 5,200 now submitted be approved in lieu of the two estimates aggregating to Rs. 4,000 approved in the above quoted Resolution, and that sanction of Government be obtained, under section 75 of the Madras Port Trust Act, to the debit to Capital of a sum of Rs. 1,200, being the difference between the amounts of the revised and the original estimates, in addition to the debit of the sum of Rs 4,000 sanctioned in the Government Order read above.

275. Read again Resolution No 30, dated the 28th April 1922, approving, *inter alia*, of an estimate amounting to Rs. 10,000 for lighting the edge of the West Quay berths, by means of electric lamps carried on steel posts fixed at the edge of the quay, in order to enable ships to arrive at, or depart from, the berths at night time.

Read a note by the Chairman recommending, in view of the lamps on posts being found to be in the way of traffic and liable to get broken by means of ships' derricks or quay cranes when handling cargo and of the disadvantage and danger to navigation arising from their being broken, that the edge of the quay be lighted by means of lights attached in front of the cast iron boxes of the small fixed hydraulic cranes on the quay at an estimated cost of Rs. 6,000—a method temporarily tried and found to give satisfactory results.

Resolved that the estimate amounting to Rs. 8,000, submitted by the Chairman for lighting the edge of the West Quay in the manner now proposed be approved and that this expenditure also be debited to the estimate amounting to Rs. 2,00,000 sanctioned in G.O. No 343, Marine, dated 16th November 1913, for the electric equipment of the Trust's premises.

276. Ms. No. 458, Finance (Marine), dated the 28th July 1925.

Resolved that, as recommended by the Chairman, the purchase of the wagons and of the spare bodies from Messrs. Parry & Co., Madras, at the rates quoted by them in their letters dated the 3rd and the 7th August 1926 be approved.

Resolved that the sanction asked for be accorded.

280. Read again previous resolutions ending with Resolution No 58, dated the 23rd April 1926, on the subject of the lease to the Madras Port Staff Club of certain premises belonging to the Trust.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Report of the Select Committee on the Bill to provide for the constitution of Bar Councils in British India and for other purposes was presented to the Legislative Assembly on the 18th August 1926 :—

1. Paper No. I.
2. Paper No. II.
3. Paper No. III.
4. Paper No. IV.

We, the undersigned, Members of the Select Committee to which the Bill to provide for the constitution of Bar Councils in British India and for other purposes was referred, have considered the Bill and the papers noted in the margin, and have now the honour to submit this our Report with the Bill as amended by us annexed thereto.

2. We have made a large number of alterations in the Bill, but we have not radically altered its scope in view of the fact that, although many of the opinions received are in favour of the conferment of much wider powers upon Bar Councils, many others, including some of great weight, reveal considerable opposition to the innovations already proposed. In these circumstances, we think it would be unwise to depart from the present scheme of the Bill as a more or less tentative measure which is intended to be the first step towards the unification and eventual autonomy of the legal profession. With these preliminary remarks we now proceed to refer in detail to the more important amendments which we have made

Clause 1.—We wish to record a suggestion that the Local Government of the United Provinces and the Chief Judge of the Chief Court of Oudh might well be consulted as to the desirability of applying the provisions of the Act to that Court.

Clause 3.—We think it desirable to indicate clearly that Judges of the High Court may be represented on the Bar Council, and have provided that two out of the four persons nominated by the Court may be Judges.

Sub-clause (3) of this clause was intended to provide for the representation on the Bar Council of advocates entitled to practise on the Original Side of the two High Courts to which it refers, and more especially for the representation of the barrister element among them, an element which will no doubt tend to diminish with the course of time. We have accordingly provided definitely that at least one-half of the representation of Original Side advocates on the Bar Councils of these two High Courts shall be Barristers.

We think it is essential, in view of the status of the Advocates-General in the presidency-towns, that they should be made *ex officio* Chairmen of the Bar Councils to which they respectively belong.

Clause 6.—The matters to be dealt with by rules made under this clause are, we think, matters which should ordinarily be dealt with by the Bar Councils themselves. We have accordingly provided that the rules should be made only in the first instance by the High Court and thereafter by the Bar Council with the previous sanction of the High Court. This involves the omission of sub-clause *(c)* of clause 7, which in the Bill as introduced was not altogether consistent with the provisions of clause 6

Clause 8.—We have, in the first place, omitted the last part of the proviso to sub-clause *(1)* of this clause, as we are of opinion that it would not be possible to hold that a person appearing, pleading or acting on his own behalf or by his recognized agent could be held to be "practising."

We are also of opinion that the objection to sub-clause *(3)* which has been raised by several High Courts, namely that the preparation and maintenance of the roll of advocates should be entrusted to the High Court instead of to the Bar Council, is well founded. We have accordingly provided for the maintenance of the roll by the High Court and for the maintenance of a copy of it by the Bar Council, principally in order that the election roll of persons entitled to elect members to the Bar Council may be kept up to date. In order to enable this to be done we lay upon the High Court the duty of furnishing a copy of the roll to the Bar Council and of communicating to it all alterations and additions as they are made.

Objection has been taken to the provision for the imposition of a fee in respect of enrolment of persons who are advocates, vakils or pleaders of the High Court at the time when the provisions of the Act come into force in respect thereof. We think that, if only for

the purpose of starting the Bar Council in funds, some nominal fee should be payable by such persons and we have fixed this at the sum of Rs. 10. In cases of new entrants the fee payable will be that prescribed by rules made by the Bar Council under the next following clause. We desire to point out that persons who have once been enrolled in a High Court as advocates vakils or pleaders will not, in view of the provisions of Article 30 in schedule I to the Indian Stamp Act, 1899, be required to pay stamp duty again in respect of their enrolment under this Act.

We have added to this clause two sub-clauses providing respectively for the seniority of advocates *inter se* and their respective rights of pre-audience. Sub clause (4) as drafted by us enables the High Court in individual cases to grant precedence to an advocate out of the order of his seniority. We think a provision of this kind might be used to the advantage not only of a rising and successful, but also of a senior and less successful, advocate.

Finally, in view of some of the opinions received, we consider it desirable to point out that clause 1 (3) of the Bill is designed to enable the various provisions of the Bill to be brought into force on different dates and thus to prevent the possibility of any period intervening between the operation of the prohibition contained in sub-clause (1) of clause 8 and the preparation of the new roll

Clause 9.—Objections were raised to the provisions of sub clause (4) of this clause in the Bill as introduced which was intended merely to preserve the existing powers of the Chartered High Courts under their Letters Patent to regulate the numbers of admissions and to refuse admission to individuals at their discretion. As, however, no High Court has, we believe, attempted to restrict in any way the numbers of new entrants, we think a provision enabling them to do so is unnecessary. But we do consider it essential that the High Court should have power to refuse admission to any person otherwise qualified if it considers that he would be on other grounds an undesirable addition to the Bar, and have made provision accordingly by means of a proviso to sub-clause (1).

We have added a new sub-clause (4) to this clause to meet a criticism advanced by the High Court of Judicature at Bombay that under the Bill as introduced, the powers of the High Court in respect of admissions to the Original Side were not sufficiently defined. The new sub-clause is intended to make it clear that the powers of the High Courts at Calcutta and Bombay to regulate absolutely the qualifications for admission to practice on the Original Side will remain unimpaired.

Clause 10.—It has been pointed out that the expression "unprofessional conduct" does not cover the whole range of cases in which it may be necessary to take disciplinary action against advocates, and we have made some drafting alterations in this clause to meet this point.

Some misunderstanding appears to have arisen as to the object of providing for a reference of cases of misconduct to Subordinate Courts. Such a provision is necessary as a Tribunal of the Bar Council will not in all cases be in a position to inquire satisfactorily into matters which have occurred in the mufussil. We think that the allocation of inquiries between Subordinate Courts and the Bar Council must be left to the discretion of the High Court, but we have provided that the High Courts shall be bound to consult the Bar Council in any case before referring it to such a Court; and we have further provided that Courts to which such reference may be made shall be the Courts of District Judges.

We have omitted the punishment of fine for which the Bill originally provided.

Clause 12.—The alterations which we have made in this clause provide, firstly, that the Advocate-General shall have notice of, and shall be entitled to appear at the hearing of, every case before the High Court, whether the inquiry has been made by a Tribunal of the Bar Council or by a District Court, and, secondly, that the High Court shall have the power to review its orders. This power will enable it to accept a belated apology, if it thinks fit, and remit or reduce the punishment.

Clause 13.—We have added a proviso to sub-clause (*1*) to give effect to a suggestion made by the High Court of Judicature at Bombay that the Tribunal should not have unrestricted power to enforce the attendance of judicial officers, a power which might result in dislocation of judicial business and inconvenience to the public. We, therefore, require the Tribunal to obtain the previous sanction of the High Court or of the Local Government, as the case may be, before issuing a summons to the presiding officer of any Court.

We have further thought it advisable to make definite provision as to the manner in which Tribunals may be enabled to utilize the powers conferred by this section.

Clause 14.—We think the provisions of the Bill as introduced were somewhat too stringent in refusing to allow an advocate of one High Court to appear before another unless rules had been made by the latter Court or by the Bar Council, where such exists, regulating the conditions of such appearances. We think it reasonable to give advocates the right of appearing in another High Court unconditionally unless conditions are imposed by such rules, and we have re-drafted the clause accordingly. We have also made an addition to sub-clause (*1*) to provide for certain cases which have been brought to our notice in which legal-practitioners are at present entitled to appear before certain public officers or bodies not legally authorized to take evidence.

Clause 15.—We have given effect to a suggestion that provision should be made for rules to regulate the investment and general management of the funds of the Bar Council. We have also added a clause which will enable rules to be made in respect of other matters which experience may reveal as requiring regulation.

Clause 17.—We have inserted this clause in the usual form to provide indemnity for *bona fide* action taken by Bar Councils and Committees, Tribunals and members of Bar Councils

3. The Bill was published in the *Gazette of India*, dated the 2nd January 1926.

4. We think that the Bill has not been so altered as to require re-publication, and we recommend that it be passed as now amended.

* Subject to minute of dissent.

MINUTES OF DISSENT.

This measure is welcomed by me as a modest beginning, but there are two points in the Bill on which I should record a separate minute. One of them is most important.

The Government of India have accepted the recommendations of the Bar Committee in respect of the following matters :—

(a) The ideal to be kept in view should be the disappearance of different grades of legal practitioners so that ultimately there may be a single grade entitled to *appear* in all courts. At present the *largest* degree of unification *possible* should be effected.

(b) In all High Courts a single grade of practitioners entitled to plead should be enrolled, etc., etc.

(c) Where there is a compulsory system of dual agency at present, *i.e.*, the Original Sides of Bengal and Bombay High Courts, it should be allowed to continue as recommended, *vide* Statement of Objects and Reasons attached to the Bill.

In respect of clause (c) the Bar Committee while anxious to protect genuine vested interests were also anxious that the ultimate decision on the question should be left to the Bar Council and the High Court, and therefore made tentative proposals to modify the existing rigours in the system to be in force for seven years and after the expiry of that period gave liberty to the High Court and the Bar Council to make their own rules in that respect.

The present legislation does not carry out these recommendations, and by sub-clause (4) to section 3 and by the proviso to sub-clause (1) of section 14 retains and continues the powers vested in the High Courts. Having regard to the attitude taken up by those two High Courts all along, I consider it will be most unsafe to leave the discretion entirely in their hands. They are brought up in traditions which tend to a strong bias in favour of continuing special procedure and practice for the Original Sides of the High Court and to prepossessions towards certain sections of the Bar. The Bengal High Court have been till very recently rigorously closing the door to its Original Sides to all but barristers notwithstanding continued protests from 1879 onwards, and but for the strong attitude taken up by the Bar Committee, I am doubtful if they would have liberalised the rules even to the small extent they did last year. In the opinions on the report of the Bar Committee and on this Bill, both the High Courts still show signs of strong bias towards keeping up the distinctions. If the accepted object underlying the Bill, namely of ultimate disappearance of all distinctions and unification of the Bar is to be achieved, some provision may be made in the Bill compelling the High Courts to re-examine the position after a certain period as recommended by the Bar Committee. The Bar Councils are sure to be established for these two High Courts. They will have gained experience at the end of that period. Why should they not be given the power subject to previous sanction of the High Court to make rules in this respect also? We will not have eradicated the existing sources of irritation and annoyance if we do not make some provision to that effect. I therefore propose to add the words and figures "till the 1st January 1935" in sub clause (4) of section 9 of the Bill as amended by the Select Committee between the words "shall" and "be" in line 2 of that sub clause.

The second point which I wish to discuss is the new provision introduced in the Select Committee—in section 8 giving the High Court the power to grant special individual warrants of precedence.

This is said to be a provision to put it bluntly to enable unlucky nominal seniors to earn their living by instructing juniors This is objectionable from my point of view. In a free profession every one takes his chance The grave objection to it is that the High Court will be placed in an awkward position by having to make invidious distinctions. It is liable to be abused and misrepresented and misunderstood. I propose the omission of that addition, *vide* remarks of the Bar Committee in paragraph 38 of their report in regard to a similar power exercised by the Bombay High Court.

T. RANGACHARIAR.

The 15th August 1926.

I regret to have to put down this note of my disagreement with such provisions of the Bill as affect the time-respected right of preaudience of the English bar. I maintain—

1. That a distinction does and will exist in the two classes of advocates.

2. That no necessity has been made out for this change inasmuch as it is conceded that this right is always and invariably waived in favour of superior practitioners.

The Bill on which opinions of High Courts were taken was very different from the Bill which goes out of the Select Committee, and it is only right that the Government should circulate it again before it is sent before the Assembly.

RAJ NARAIN.

I consider the Bill is absolutely unnecessary, since all that is contemplated by it can be done by the High Courts themselves. Under their Letters Patent the High Courts have powers to approve, admit and enrol advocates as they think fit and proper, and to make rules for the qualifications and admission of persons to be such advocates This is no reason why their existing powers should be encroached on or interfered with. The High Court of Calcutta has already framed rules for the admission of advocates, and it has already admitted over 150 advocates from the vakils and attorneys. The Calcutta Bar, the Incorporated Law Society of Calcutta and the Calcutta High Court Judges support my views. The Bengal Chamber of Commerce and the British Indian Association are, I understand, against this Bill. The Calcutta Bar Library Club are of opinion (1) that the proposed Act is unnecessary and unworkable, (2) that the proposed Act if passed should have no application to Calcutta, and (3) that the barristers should be exempted from the operations of this Act.

I am fully in agreement with the Bengal Government which has observed that uniformity must come before complete self-government, and that as the Bar is not yet homogeneous, it is undesirable to entrust the Bar Council with complete powers of control over the practitioners, and that in matters of discipline it is essential that full powers should be reserved to the High Court.

I beg to make the following observations regarding certain clauses of the proposed Bill.

Section 9, *clause* (*b*).—The powers to make rules prescribing the qualifications of persons applying for admission as advocates should be reserved to the High Court.

Section 9, clause (2).—The Bar Council should not be given the power to make rules for the hearing by the High Court of any objection preferred on behalf of the Bar Council. The High Court itself has the power to frame rules regulating its own procedure.

Sections 10-13.—Full powers should be reserved to the High Court in matters of discipline, and it may refer charges of unprofessional conduct to the Bar Council for their opinion. The Court should give notice to the Council of its intention to hold an inquiry into such charges, so that the Council may be represented at the hearing. The Bar Council should have power to bring cases of alleged unprofessional conduct to the notice of the High Court. I agree with the general opinion that the District Court should not have any power to hold any inquiry.

Section 15.—The rule-making power should be left to the High Court undisturbed.

S. C. GHOSE.

I have not had the advantage of attending the Select Committee meetings owing to unavoidable circumstances. I generally agree with the views expressed by my friend Mr. S. C. Ghose. At the same time I wish to make the following observations.

It is rather a bold step taken by the Committee in ignoring the opinions expressed by the Government of Bengal, Calcutta High Court, Calcutta Bar, Incorporated Law Society, Calcutta, Chamber of Commerce, British Indian Association and many other public bodies all over the country. The views of the public and the majority of the people are against the Bill as framed. It is entirely an unnecessary piece of legislation so far as the Calcutta High Court is concerned.

In view of the fact that the principle hitherto adopted by the Government to follow Reforms gradually, it would be rather unwise to do away with the distinction of the English Barristers and the Vakil Advocates, at the present juncture. The Benchers of the Inns of Court have already sent their opinion through their Council in England, that the robe of the English Barristers cannot be worn by the Advocates of India, as it would amount to misrepresentation for the Indian Advocates to dress themselves as English Barristers and appear to be so before the litigant public. Imitation of a trade mark even is not allowed in any country as legal, and the adoption of a Barrister's gown and band by the Vakil Advocates would not only be improper but illegal. This Bill should have definitely decided about it.

I am of opinion that the right of pre-audience should not be taken away from Barristers and Advocates who do not act but plead only. If the Advocate who acts is engaged by clients to instruct an Advocate or Barrister who pleads only, it will be rather unprofessional and illegal for the said (acting) Advocate to claim his right of pre-audience, in case he happened to be a senior, or in other words, his date of enrolment be earlier than the date of call of the Barrister (or Advocate who pleads only). If this is not made clear, it will lower the standard and the dignity of the Bar. There are many Vakil Barristers already in the Calcutta High Court and elsewhere in other provinces and their position will be very anomalous. Under the circumstances the profession will lose superiority and the status of the Bar will be very inferior in this country.

The Bill as it has been adopted by the Select Committee should be circulated broadcast for further and additional opinion as the Bill has been considerably amended and altered in many details, and unless that is done, the main object of legislation, I venture to think, will be frustrated, and we shall have to pass a Bill in a hurry against the voice of the country. I do not at all see why such speedy steps should be taken by the Government at this short session, when many Members of this Assembly will remain absent owing to fresh election which will be held very soon.

The 27th August 1926. K. AHMED

I agree with Mr. Rangachariar's note, and would add a few observations—

(1) *Clause 4, sub-clause (5).*—The idea underlying this provision is that non-Barrister Advocates should not have a preponderating representation on the Bar Councils in Calcutta and Bombay. I thought the power of nomination given to the High Court in sub-clause (1) of this clause was a sufficient safeguard against any such contingency. I cannot see my way to agree to this provision which will, in a manner, perpetuate the distinction between Barristers and Vakils that is sought to be removed. It may also in practice place the Vakils, at least in Calcutta, under an absolute domination of Barristers.

(2) *Clause 8, sub-clause (4).*—I see no reason why the High Courts of Calcutta and Bombay should be left free to regulate absolutely the qualifications for admission to practise on their Original Sides. The rules so far framed by these two High Courts for the admission of Vakils, and other non-Barristers, as Advocates entitled to plead on the Original Side, fall short of the unanimous recommendations of the Indian Bar Committee. It is with great reluctance that I have to state that, so far as the Calcutta High Court is concerned, its attitude has been anything but friendly towards the just claims of Vakils, and that, unless the position of Advocates is precisely defined by legislation, the interests of the non-Barrister section are bound to suffer.

I am prepared to support the Indian Bar Committee's recommendations as a whole, though they are disappointing on the question of continuance of the dual system in Calcutta and Bombay. If, however, their recommendations are to be departed from in any material respect, in the interest of a section of the legal profession, I consider myself at liberty to urge the abolition of the dual system altogether.

K. C. NEOGY.

The Bill as referred to the Select Committee did not contain clause 8, sub-clauses (5) to (7). I am of opinion that these sub-clauses materially alter the Bill so as to require its republication. The question of seniority between members of the English Bar *inter se* and those enrolled as Advocates of a High Court is by no means an easy one. In England such seniority is governed by the date of call to the Bar. It has been entirely ignored even in the case of Advocates being members of the English Bar who may be presumed to carry with them the tradition and practice of their own Bar and should have, therefore, been permitted to regulate their own seniority *inter se*. I am not sure that the artificial rule now laid down will work

even in the interests of the Vakil Advocates. Cases are known where a Vakil Advocate though classed as a senior would be glad to be treated as a junior for the purpose of practice, and cases have occurred where a junior member of the Bar has outstripped his senior by reason of his superior intelligence, greater popularity and larger clientele, in which case it is only fair that he should be accorded a place of seniority. I am glad that the Select Committee have recognized this fact. But in limiting the exception only to individual cases it has not taken note of the fact that there is a class of persons who are equally entitled to seniority. In England King's Counsel and others receiving a Warrant of Precedence and Doctors of Civil Law and Doctors of Laws are entitled to seniority over Barristers as such. I think the Universities should be consulted whether Doctors in the Faculty of Law should not be accorded a place of seniority over others. It will encourage the higher and more scientific study of law and would otherwise be in the interests of the profession. What I object to is the rigid crystallization of the rule as to seniority which finds place in the clause under reference. I therefore think it necessary that the High Courts, the Universities and the public generally should be consulted on this added clause before the Bill is passed into law.

2. I have some doubt whether the proviso to clause 4 making the Advocates General of Bengal, Madras and Bombay *ex officio* Chairmen of the Bar Councils would find favour with the Bar Associations directly affected by it. I would therefore consult the Presidency Bar before enacting this clause. As regards the seniority of the Advocates General I understand that it is limited to cases in which he represents the Government. I should like to have the opinions of the Bar Associations of the Presidency-towns whether they are in favour of giving the seniority to the Advocate General in all cases—that is to say, in cases other than those in which he represents Government. No such seniority has yet been statutorily conferred upon him and it is a departure which should not be hastily made without consulting the profession directly affected by it. On the whole the Bill has been very materially altered and requires republication, and I am, therefore, unable to concur in the recommendation of my honourable colleagues made in the concluding paragraphs of their report.

The 17th August 1926. H. S. GOUR.

Clause 4, sub-clause 3 of the Bill—The amendment in this clause was introduced in the Select Committee at a rather late stage and on further consideration I think it is not apt. While I have no objection to the principle that for some time to come the Barrister element on the Original Side of the Calcutta and Bombay High Courts should as such be represented in the Bar Council, I do not think it right to lay down without any restriction of time any such rigid provision as that *not less than* one-half of the total representatives of the Original Side Advocates shall be Barristers. It is admitted in the report that the Barrister element will no doubt tend to diminish with the course of time. That a minimum representation of not less than one half should be guaranteed by Statute to an element so bound to diminish is highly incongruous.

There is no reason why Barristers of Ireland should not be included in the amendment. It is necessary to insert the words "or Ireland" after "England".

Clause 8, sub-clause 4.—I do not agree to this clause which confers a power upon the High Courts to make special orders for pre-audience in *individual cases*. On further consideration I think our intention might be made clearer by substituting for them some such phrase as 'in respect of individual advocates'. If an advocate is to be lifted out of the order of seniority permanently, how is his position to be determined with reference to other advocates who do not wish to forego their seniority? The exercise of this power would evidently be based on personal grounds and not on principle. Any exercise of the power on personal grounds must necessarily partake of an arbitrary and invidious character. The object which the majority have in view will be best attained by providing for the creation of King's Counsel. The question of pre-audience as between several counsel appearing on the same side is best left to the mutual consent and understanding of the counsel engaged.

Clause 9—I do not think the power to prescribe qualifications should be given to the High Courts in such large terms as to entitle them even to prescribe a call to the bar in the United Kingdom as a necessary qualification for practice on the Original Side. I would add a proviso to the effect that it shall not be open to the High Courts to prescribe as a qualification that the applicant should be a Barrister.

SIMLA,
The 17th August 1926. P. S. SIVASWAMY AIYER

The following Bill was introduced in the Legislative Assembly on the 19th August 1926 :—

No. 36 of 1926.

A Bill further to amend the Workmen's Compensation Act, 1923

WHEREAS it is expedient further to amend the Workmen's Compensation Act, 1923 ; It is hereby enacted as follows :—

VIII of 1923

1. This Act may be called the Workmen's Compensation (Amendment) Act, 1926. Short title.

2. In sub-section (3) of section 3 of the Workmen's Compensation Act, 1923, for the words "hides or skins" the following shall be substituted, namely :— Amendment of section 3, Act VIII of 1923.

VIII of 1923.

"or animal carcasses or parts of such carcasses, or in the loading, unloading or transport of any merchandise, or in any work in connection with animals infected with anthrax."

STATEMENT OF OBJECTS AND REASONS.

This amendment in the Workmen's Compensation Act, 1923, is necessary to enable the Government of India to give effect to the provisions in respect of anthrax, of the Draft Convention concerning workmen's compensation for occupational diseases, adopted by the seventh session of the International Labour Conference held at Geneva in 1925. The Convention has already received the approval of both Chambers of the Indian Legislature.

The 6th July 1926. B. N. MITRA.

The following Bill was introduced in the Legislative Assembly on the 18th August 1926 :—

No. 37 of 1926.

A Bill to amend the Usurious Loans Act, 1918, for certain purposes.

WHEREAS it is expedient to amend the Usurious Loans Act, 1918, for certain purposes hereinafter appearing; It is hereby enacted as follows :— X of 1918

Short title. 1. This Act may be called the Usurious Loans (Amendment) Act, 1926.

Amendment of section 2, Act X of 1918. 2. To sub section (3) of section 2 of the Usurious Loans Act, 1918 (hereinafter referred to as the said Act), the following shall be added after clause (b), namely :— X of 1918.

"or

(c) for the redemption of any security given after the commencement of this Act in respect of any loan made either before or after the commencement of this Act".

Amendment of section 3, Act X of 1918. 3. In section 3 of the said Act,—

(i) in clause (i) of the proviso to sub section (1), for the word "six" the word "twelve" shall be substituted, and

(ii) to sub-section (3) after the words "in respect of a loan" the words "or for the redemption of any such security" shall be added.

STATEMENT OF OBJECTS AND REASONS.

This Bill is framed to amend the Usurious Loans Act, 1918, in two respects as follows :—

(1) by making its provisions applicable to suits for redemption brought by debtors. At present the Act applies to suits brought by creditors only, but it is considered that, as a matter of principle, a debtor should have the same facilities when he sues for redemption as when he is sued by his creditor;

(2) by increasing from six years to twelve years the period, mentioned in proviso (i) of section 3 of the Act, beyond which agreements purporting to close previous dealings and to create new obligations may not be re-opened.

2. Both of these proposals have been referred to Local Governments, and have received a strong measure of support.

The 4th August 1926. ALEX. MUDDIMAN.

The following Bill was introduced in the Legislative Assembly on the 18th August 1926 :—

No. 38 of 1926.

A Bill further to amend the Code of Civil Procedure, 1908, for a certain purpose.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908, for the purpose hereinafter appearing; It is hereby enacted as follows :— V of 1908

Short title. 1. This Act may be called the Code of Civil Procedure (Second Appeals) Act, 1926.

V of 1908.

2. In Order XLII in the First Schedule to the Code of Civil Procedure, 1908,— Amendment of Order XLII in the First Schedule to Act V of 1908.

(a) in rule 1, before the words "The rules" the words "Subject to the provisions of this Order" shall be inserted; and

(b) after rule 1 the following rule shall be added, namely:—

"2. Where the decree from which a second appeal is preferred affirms the decision of the Court by which the original decree was passed, the High Court shall, unless it dismisses the appeal under the procedure prescribed in rule 11 of Order XLI, require the appellant to deposit, in cash or Government securities, security to such amount as the Court thinks fit for the costs of the appeal and shall not call upon the respondent to appear and answer the appeal until such security has been furnished, and, if such security is not furnished within such time as the Court orders, the Court shall reject the appeal: Security for costs in certain second appeals.

Provided that the High Court may dispense with such security in any case in which it is of opinion that the decision from which the appeal is preferred is on the face of it contrary to law or some usage having the force of law."

STATEMENT OF OBJECTS AND REASONS.

In order to protect the interests of a respondent in a second appeal in the matter of recouping his costs, the Civil Justice Committee recommended that in every second appeal to the High Court the appellant should deposit in Court by way of security for the respondent's costs, in cash or in Government promissory notes, a definite sum being the amount of any costs awarded against him in the lower Courts *plus* the amount at which the respondent, if successful, could tax his pleader's fee under the High Court rules. The opinions of Local Governments and High Courts and of the authorities consulted by them vary from complete acceptance of the Committee's recommendation to complete rejection, but a considerable body of opinion is in favour of restricting the proposal to second appeals from concurrent judgments only, subject to the following conditions:—

(1) that the High Court should have power to dispense with security for costs when the judgment appealed from is on the face of it erroneous in law, or when a subsequent decision of the High Court or of the Privy Council has modified or altered the law;

(2) that security should be required only on admission of the appeal under Order XLI of the Code of Civil Procedure;

(3) that security should be limited to costs of the second appeal in the High Court; and

(4) that security should be furnished only in cash or Government securities.

These restrictions appear to be desirable, and it is considered that the proposal in its restricted form will ensure sufficient protection to a respondent in a second appeal. The Bill gives effect to the proposal.

The 4th August 1926. ALEXANDER MUDDIMAN.

The following Bill was introduced in the Legislative Assembly on the 15th August 1928 :—

No. 39 of 1928.

A Bill further to amend the Indian Factories Act, 1911, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Factories Act, 1911, for the purpose hereinafter appearing; It is hereby enacted as follows :— XII of 1911

Short title. 1. This Act may be called the Indian Factories (Amendment) Act, 1928.

Amendment of section 9, Act XII of 1911. 2. To section 9 of the Indian Factories Act, 1911 (hereinafter referred to as the said Act), after clause (*d*) the following clause shall be added, namely :— XII of 1911

"(*e*) the temperature in any part in which any manufacturing process is being carried on shall not be such as to be injurious to the health of the persons employed therein."

Amendment of section 37, Act XII of 1911. 3. In sub-section (*c*) of section 37 of the said Act, in clause (*g*) for the words "and artificial humidification" the words "artificial humidification and temperature" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The Indian Factories Amendment Bill as introduced in the Legislative Assembly in September 1925 contained a clause providing for the insertion in the Indian Factories Act, 1911, of the following section :—

"9A. (1) In every factory a reasonable temperature shall be maintained.

(2) In the case of any factory in which, in the opinion of the Inspector, a reasonable temperature is not maintained, the Inspector may serve on the manager of the factory an order in writing, specifying the measures which he considers necessary to maintain a reasonable temperature, and requiring him to carry them out before a specified date."

The Select Committee appointed to consider the Bill decided by a majority to delete this clause on the ground that in present conditions it would impose a real burden on employers with only a problematical advantage to the operatives. When the Bill as amended by the Select Committee was being considered by the Legislative Assembly, Mr. Joshi moved an amendment for the re-insertion of the original clause, and although the amendment was defeated, it was clear from the discussion that a number of members considered that the Factories Act should contain some provision enabling control to be exercised over temperatures in factories. With this view, the Government of India, who recognized the force of the criticisms directed against the proposed section, are in accord and the present Bill represents another possible solution of the difficulty. Clause 2 provides that the temperature shall not be excessive in those parts of the factory where manufacturing processes are being carried on. In order to assist in the determination of what constitutes an excessive temperature, it is proposed in clause 3 that Local Governments should have the power to prescribe standards. This clause will also enable Local Governments to prescribe the methods to be adopted to secure observance of the standards fixed.

The 2nd August 1928. B. N. MITRA.

The following Bill was introduced in the Legislative Assembly on the 16th August 1926 :—

No. 40 of 1926.

A Bill further to amend the Negotiable Instruments Act, 1881, and the Code of Civil Procedure, 1908, for certain purposes.

XXVI of 1881. V of 1908

WHEREAS it is expedient further to amend the Negotiable Instruments Act, 1881, and the Code of Civil Procedure, 1908, for the purposes hereinafter appearing ; It is hereby enacted as follows :—

Short title

1. This Act may be called the Negotiable Instruments (Interest) Act, 1926.

XXVI of 1881. V of 1908

Amendment of section 80, Act XXVI of 1881

2. In section 80 of the Negotiable Instruments Act, 1881, for the words and figures "except in cases provided for by the Code of Civil Procedure, section 532" the words "notwithstanding any agreement relating to interest between any parties to the instrument" shall be substituted

V of 1908.

Amendment of section 117, Act XXVI of 1881.

3. In section 117 of the same Act, the words and brackets "(except in cases provided for by the Code of Civil Procedure, section 532,)" shall be omitted.

V of 1908.

Amendment of First Schedule to Act V of 1908

4. In the First Schedule to the Code of Civil Procedure, 1908—

(1) in sub-rule (2) of rule 2 of Order XXXVII, for the words beginning with the words "for any sum not exceeding" and ending with the words "executed forthwith" the following shall be substituted, namely :—

"(a) for the principal sum due on the instrument and for interest calculated in accordance with the provisions of section 79 or section 80, as the case may be, of the Negotiable Instruments Act, 1881, up to the date of the institution of the suit, or for the sum mentioned in the summons, whichever is less, and for interest up to the date of the decree at the same rate or at such other rate as the Court thinks fit ; and

XXVI of 1881.

(b) for such subsequent interest, if any, as the Court may order under section 34 of this Code ; and

(c) for such sum for costs as may be prescribed :

Provided that, if the plaintiff claims more than such fixed sum for costs, the costs shall be ascertained in the ordinary way

(d) A decree passed under this rule may be executed forthwith "; and

(2) in Form No. 4 in Appendix B, after the words "for costs" the words "together with such interest, if any, from the date of the institution of the suit as the Court may order" shall be inserted.

STATEMENT OF OBJECTS AND REASONS

Under rule 2 (2) of Order XXXVII of the First Schedule to the Code of Civil Procedure, 1908, in an undefended suit on a negotiable instrument the plaintiff is entitled to a decree for any sum specified in the summons issued, together with interest at the rate specified (if any) to the date of the decree, and such sum as may be allowed as costs. Sections 80 and 117 of the Negotiable Instruments Act, 1881, prescribe interest at six per cent (except in cases provided for by rule 2 of Order XXXVII of the Code) where no rate of interest is specified in the instrument, or where interest is allowed on compensation payable on case of the dishonour of any instrument.

The Civil Justice Committee have recommended—

(1) that "the rule should be made clear and plain that under Order XXXVII the plaintiff can only recover interest provided for by the document or interest at six per cent as provided for by the Negotiable Instruments Act, 1881 (XXVI of 1881)";

and that in giving judgment under the Order the Court has the same power as to interim interest and interest on the decree as it would have under the ordinary procedure; and

(2) that all references to that Order should be deleted from the Negotiable Instruments Act (*cf.* sections 80 and 117).

These recommendations have been accepted by the Local Governments and High Courts concerned and the Bill gives effect to them.

4th August 1926. A. P. MUDDIMAN.

The following Bill was introduced in the Legislative Assembly on the 13th August 1926 :—

No. 41 OF 1926.

A Bill further to amend the Provincial Insolvency Act, 1920, for certain purposes.

WHEREAS it is expedient further to amend the Provincial Insolvency Act, 1920, for the purposes hereinafter appearing; It is hereby enacted as follows :— V of 1920

Amendment of section 33, Act V of 1920. 2. In sub-section (3) of section 33 of the Provincial Insolvency Act, 1920 (hereinafter referred to as the said Act), for the word "insolvent", where it occurs for the last time, the word "receiver" shall be substituted. V of 1920

Insertion of new section 54A in Act V of 1920. 3. After section 54 of the said Act the following section shall be inserted, namely :—

Insertion of new section 59A in Act V of 1920. 4. After section 59 of the said Act the following section shall be inserted, namely :—

Power to require information regarding insolvent's property. "59A. (1) The Court, if specially empowered in this behalf by an order of the Local Government, or any officer of the Court so empowered by a like order, may, on the application of the receiver or any creditor who has proved his debt, at any time after an order of adjudication has been made, summon before it in the prescribed manner any person known or suspected to have in his possession any property belonging to the insolvent, or supposed to be indebted to the insolvent, or any person whom the Court or such officer, as the case may be, may deem capable of giving information respecting the insolvent or his dealings or property, and the Court or such officer may require any such person to produce any documents in his custody or power relating to the insolvent or to his dealings or property.

(2) If any person so summoned, after having been tendered a reasonable sum, refuses to come before the Court or such officer at the time appointed, or refuses to produce any such document, having

no lawful impediment made known to and allowed by the Court or such officer, the Court or such officer may, by warrant, cause him to be apprehended and brought up for examination.

(3) The Court or such officer may examine any person so brought before it or him concerning the insolvent, his dealings or property, and such person may be represented by a legal practitioner".

Insertion of new section 67A in Act V of 1920.

5. After section 67 of the said Act the following section shall be inserted, namely :—

Committee of inspection.

"67A. (1) The Court may, if it thinks fit, authorise the creditors who have proved their debts to appoint a committee of inspection for the purpose of superintending the administration of the insolvent's property by the receiver.

(2) The persons appointed to a committee of inspection shall be creditors who have proved their debts or persons holding general powers-of-attorney from such creditors.

(3) The committee of inspection shall have such powers of control over the proceedings of the receiver as may be prescribed."

Amendment of section 79, Act V of 1920.

6. In sub-section (2) of section 79 of the said Act, the word "and" at the end of clause (c) shall be omitted, and after clause (d) the following clause shall be added, namely :—

"and

(e) for any matter which is to be or may be prescribed".

Amendment of section 80, Act V of 1920.

7. In sub-section (1) of section 80 of the said Act, clauses (a), (c) and (d) shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

The Bill gives effect to the following recommendations of the Civil Justice Committee for the amendment of the Provincial Insolvency Act, 1920 :—

(1) that a provision analogous to that of section 36 of the Presidency-towns Insolvency Act, 1909, should be inserted in the Act of 1920, by which the Court should have power to examine a third party supposed to be indebted to the insolvent in order to elicit information, such power being given to Courts by a special order of the Local Government and being capable of delegation to a registrar, where such an officer is appointed at a headquarters station;

(2) that provisions similar to those of sections 88 and 89 of Act III of 1909 should be inserted in the Act of 1920 so as to enable a Court to authorise the appointment from among the creditors of committees of inspection for the purpose of superintending the administration of the insolvent's property by the receiver;

(3) that section 33 (3) of the Act of 1920 should be amended so as to provide that the receiver and not the insolvent shall be the proper person to contest proofs of debt; and

(4) that the powers of official receivers under clauses (a), (c) and (d) of sub-section (1) of section 80 of the Act of 1920, to hear insolvency petitions, to examine the debtor, to make orders of adjudication, to grant orders of discharge and to approve compositions or schemes of arrangement, should be restricted.

These recommendations have been generally accepted by the Local Governments who were consulted in the matter. Clause 3 carries out a suggestion made by the Rangoon High Court for the amendment of sections 53 and 54 of the Act of 1920. The Hon'ble Judges point out that the receiver may be unwilling to exercise his power under these sections, and that in many cases in Burma

in which a receiver is not appointed it seems undesirable for the Court itself to move as provided by section 58 of the Act. The clause really follows the decisions of High Courts in this matter, and makes the law clear on the point.

The 4th August 1926. A. P. MUDDIMAN.

The following Bill was introduced in the Legislative Assembly on the 18th August 1926 :—

No. 42 of 1926.

A Bill to amend the Indian Succession Act, 1925, for a certain purpose.

WHEREAS it is expedient to amend the Indian Succession Act, 1925, for the purpose hereinafter appearing; It is hereby enacted as follows :— XXXIX of 1925.

Short title and commencement.

1. (1) This Act may be called the Indian Succession (Amendment) Act, 1926.

(2) It shall come into force on the 1st day of January, 1927.

Amendment of section 57, Act XXXIX of 1925.

2. Section 57 of the Indian Succession Act, 1925, shall be renumbered as sub-section (1) of section 57, and to that section the following sub-section shall be added, namely :— XXXIX of 1925.

"(2) The provisions of section 63 shall apply to all wills and codicils made by any Hindu, Buddhist, Sikh or Jaina on or after the 1st day of January, 1927, to which these provisions are not applied by sub-section (1)."

STATEMENT OF OBJECTS AND REASONS.

Under section 57, read with section 63, of the Indian Succession Act, 1925 (XXXIX of 1925), wills made by Hindus, Jains, Sikhs or Buddhists in the provinces of Bengal, Bihar and Orissa and Assam and in the Presidency towns of Madras and Bombay, or those made outside such areas so far as they relate to immoveable property situated within these areas, are required to be reduced in writing, signed and attested, and section 213 requires a probate of such will to be taken after the testator's death if any right as executor or legatee is to be established under the will in a court of law. The Civil Justice Committee recommended—

(1) that all wills made by Hindus in areas outside those where section 57 of Act XXXIX of 1925 (formerly the Hindu Wills Act, 1870) is in force, should be required to be reduced to writing, signed and attested;

(2) that the probate of such wills should be insisted on if the question of court-fee on probate could be accommodated; and

(3) that the advisability of including the Muhammadan community in the scope of any legislation undertaken should be considered.

The Local Governments were consulted, and the weight of opinion is in favour of the first recommendation to which the Bill gives effect. The other two recommendations have excited opposition, and are left out of the scope of the present legislation.

The 13th August 1926. A. P. MUDDIMAN.

The following Bill was introduced in the Legislative Assembly on the 20th August 1926:—

No. 43 of 1926.

A Bill further to amend the Code of Criminal Procedure, 1898, for a certain purpose.

WHEREAS it is expedient further to amend the Code of Criminal Procedure, 1898, for the purpose hereinafter appearing; It is hereby enacted as follows:— V of 1898.

1. This Act may be called the Code of Criminal Procedure (Third Amendment) Act, 1926. Short title.

2. In sub-section (*1*) of section 99A of the Code of Criminal Procedure, 1898 (hereinafter referred to as the said Act),— V of 1898. Amendment of section 99A, Act V of 1898

(*a*) after the words "seditious matter" the words "or any matter calculated or likely to promote feelings of enmity or hatred between different classes of His Majesty's subjects" shall be inserted; and

(*b*) after the word and figures "section 124A" the words and figures "or section 153A" shall be inserted.

3. In section 99B of the said Act, for the words "seditious matter" the words "seditious or other matter of such a nature as is referred to in sub-section (*1*) of section 99A" shall be substituted. Amendment of section 99B, Act V of 1898

4. In sub-section (*2*) of section 99D of the said Act, for the words "seditious matter of the nature" the words "seditious or other matter of such a nature as is" shall be substituted. Amendment of section 99D, Act V of 1898

5. In section 99E of the said Act, for the words "which are alleged to be seditious matter" the words "in respect of which the order of forfeiture was made" shall be substituted. Amendment of section 99E, Act V of 1898.

STATEMENT OF OBJECTS AND REASONS.

Section 99A of the Code of Criminal Procedure empowers the Local Government to search for, and confiscate, all copies of newspapers, books or documents which appear to contain seditious matter. There is no provision which enables similar action to be taken against publications calculated to promote feelings of hatred or enmity between different classes of His Majesty's subjects. The publication and circulation of such documents have the effect of spreading and intensifying feelings of communal bitterness and hatred, and, as the law now stands, even if a prosecution is launched under section 153A of the Indian Penal Code, there is no effective power to check circulation. The experience of the last few months has emphasised the importance of amending the law so as to provide this power. The Bill is accordingly intended to bring all documents, which offend against section 153A of the Indian Penal Code, within the scope of the power of forfeiture conferred in respect of seditious documents by section 99A of the Code of Criminal Procedure.

SIMLA:
The 18th August 1926.

The following Bill was introduced in the Council of State on the 19th August 1926 :—

No. 3 of 1926.

A Bill further to amend the Indian Evidence Act, 1872, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Evidence Act, 1872, for the purpose hereinafter appearing; It is hereby I of 1872.
enacted as follows :—

Short title. 1. This Act may be called the Indian Evidence (Amendment) Act, 1926.

Amendment of section 68, Act I of 1872. 2. To section 68 of the Indian Evidence Act, 1872, the following I of 1872.
proviso shall be added, namely :—

"Provided that it shall not be necessary to call an attesting witness in proof of the execution of any document, not being a will, which has been registered in accordance with the provisions of the Indian Registration Act, 1908, unless its execution by the person by XVI of 1908
whom it purports to have been executed is specifically denied."

STATEMENT OF OBJECTS AND REASONS.

Section 68 of the Indian Evidence Act, 1872, provides that, if a document is required by law to be attested, it shall not be used as evidence until one attesting witness at least has been called for the purpose of proving its execution, if there be an attesting witness alive and subject to the process of the Court and capable of giving evidence. The Civil Justice Committee recommended that the section should be amended so as to empower the Courts in the case of non-testamentary registered instruments to dispense with the requirement of that section unless the execution or attestation is expressly denied, and to provide that in the case of suits, execution or attestation should not be deemed to be expressly denied unless it is specifically denied in the pleadings and an issue has been framed thereon. The Local Governments and High Courts were consulted on the recommendation, and opinion generally is in favour of it. The Bill seeks to give effect to the recommendation. It is considered unnecessary to make any particular reference to the time of denial.

The 15th August 1926. S. R. DAS.

The following Bill was introduced in the Council of State on the 19th August 1926 :—

No. 4 of 1926.

A Bill further to amend the Administrator General's Act, 1913.

WHEREAS it is expedient further to amend the Administrator General's Act, 1913, for the purposes hereinafter appearing; It is III of 1913
hereby enacted as follows :—

Short title. 1. This Act may be called the Administrator General's (Amendment) Act, 1926.

Amendment of sections 9, 31 and 37, Act III of 1913. 2. In sections 9, 31 and 37 of the Administrator General's Act, III of 1913
1913, for the words "one thousand" the words "two thousand" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

Sections 31 and 32 of the Administrator General's Act, 1913, authorize the Administrator General in certain circumstances to grant a certificate to a claimant to the assets of a deceased person entitling him to receive them to a value not exceeding in the whole Rs. 1,000. The Civil Justice Committee recommended that this limit should be raised to Rs. 3,000. The Local Governments were consulted, and the Committee's recommendation has met with almost unanimous acceptance in principle. The Bill gives effect to that recommendation except that the limit is raised to Rs. 2,000 instead of Rs. 3,000. The reasons for preferring the lower limit of Rs. 2,000 are, firstly, that there will be less loss of revenue to the State on account of court fees for Letters of Administration; and secondly, that the grant of Letters of Administration is accompanied by a number of safeguards which do not attach to the grant of certificates by the Administrator General. The pecuniary limit prescribed in section 9 of the Act, which requires the Administrator General in certain circumstances to take proceedings for obtaining Letters of Administration of the estate of a person other than an exempted person when the assets exceed the value of Rs. 1,000, has been similarly raised to Rs. 2,000. The alteration in section 37 is consequential.

S. R. DAS.

The following Bill was introduced in the Council of State on the 19th August 1926:—

No. 6 of 1926.

A Bill further to amend the Indian Companies Act, 1913, for a certain purpose.

VII of 1913. Whereas it is expedient further to amend the Indian Companies Act, 1913, for the purpose hereinafter appearing; It is hereby enacted as follows:—

Short title. 1. This Act may be called the Indian Companies (Amendment) Act, 1926.

Amendment of section 26 Act VII of 1913. VII of 1913. 2. In sub-section (1) of section 26 of the Indian Companies Act, 1913, after the word "science" the word "religion" shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to enable associations formed for religious purposes to be registered under section 26 of the Indian Companies Act, 1913. It is doubtful whether such associations are covered by the section as now worded, and it is therefore proposed to insert the word "religion" between the words "science" and "charity" in that section, as in the corresponding section 20 of the Companies (Consolidated) Act, 1908.

G. L. CORBETT.

Insertion of new section 117A in Act II of 1924.

8. After section 117 of the said Act the following section shall be inserted, namely :—

Amendment of section 277, Act II of 1924.

9. In section 277 of the said Act,—

(*i*) sub-section (*1*) shall be omitted and sub-sections (*2*) and (*3*) shall be re-numbered sub-sections (*1*) and (*2*),

(*ii*) in sub-section (*2*) as re-numbered, for the words "Officer Commanding the District" the words "Officer Commanding-in-Chief, the Command" shall be substituted.

Amendment of section 280, Act II of 1924.

10. In sub-section (*2*) of section 280 of the said Act, after clause (*h*) the following clause shall be inserted, namely :—

"(*hh*) the circumstances in which and the conditions subject to which remissions and refunds of taxes may be made in respect of buildings in hill cantonments."

Amendment of sub-section (*2*) of section 287, Act II of 1924.

11. For sub-section (*2*) of section 287 of the said Act the following sub-section shall be substituted, namely :—

"(*2*) The Registrar or Sub-Registrar of the district or sub-district formed for the purposes of the Indian Registration Act, 1908, XVI of 1908. in which any cantonment is situated, shall, when any application for the registration of a document relating to immoveable property within the cantonment is made, cause a copy thereof to be forwarded forthwith to the Cantonment Authority or such other authority as the Governor-General in Council may prescribe in this behalf."

STATEMENT OF OBJECTS AND REASONS.

The purpose of the Bill is to remove certain minor defects which have come to light since the passing of the Cantonments Act, 1924.

Clauses 2—6. Sections 47 and 48 give to the Officer Commanding the District the power of deputing a person to carry out the inspection of a cantonment and of calling for reports and statements of account of a Cantonment Authority. The special officers provided by Government for the inspection of cantonment administration are the Inspecting and the Deputy Inspecting Officers of the Cantonments Department; these officers are under the orders of the Governor General in Council and of the Officers Commanding-in-Chief, the Commands in respect of the reports and inspection carried out by them and the duplication of reports and inspections under the orders of the Officer Commanding the District has been found to be neither necessary nor suitable. It is therefore proposed to transfer the authority under these sections to the Governor-General in Council or the Officer Commanding-in-Chief, the Command.

The amendments proposed to sections 2(*1*), 14 (*1*) (*a*), 22 (*4*), 36 (*3*), 41 (*2*), 49, 50, 83, 101, 134 (*2*), 151 (*1*), 192 (*1*), 200 (*5*), 200 (*a*), 277 (*2*) and Schedule V of the Act are necessary in order to carry out consistently the principle referred to above.

Clause 7. *Section 99 A.*—In the various Municipal Acts provision exists to exempt any person or class of persons or any property from any tax imposed in a municipality, and it is proposed to take a similar power in the Cantonments Act, 1924, in regard to cantonment taxes.

Clause 9. *Section 117 A.*—Section 116 (x) of the Act imposes on the Cantonment Authority the duty, so far as its funds permit, to make provision for establishing and maintaining primary schools within the cantonment. Some cantonments are so situated that it is more convenient for them to utilize a school existing outside the cantonment limits; it is proposed, therefore, to amend the Act to permit a Cantonment Authority, in certain circumstances, to make provision for furthering educational object outside the cantonment.

Clause 8. *Section 277 (1).*—The provision for a second appeal in this section is inconsistent with rules 11 and 12 of the Cantonment Fund Servants Rules and with the principle which applies generally to Government Servants. The Cantonment Fund Servants Rules (which is the correct place for such Regulations) are being suitably amended, so as to allow cantonment servants one appeal to the Government or their representatives in addition to any appeal that may be allowed to the Cantonment Authority itself.

Clause 10. *Section 280 (2) (bb).*—The Cantonments Act at present makes no provision for the remission or refund of taxes on buildings in hill cantonments, nor do the Government of India possess the power to make rules on the subject. As a result of representations made to them the Government are now providing themselves with the necessary powers to enable them in due course to frame suitable rules on the subject.

Clause 11. *Section 287 (2).*—Under section 9 of the Indian Registration Act Cantonment Magistrates were appointed Sub-Registrars in certain cantonments. As Cantonment Magistrates no longer exist the Indian Registration Act has to be amended; and as the Executive Officers who have taken the place of Cantonment Magistrates are already fully occupied, it is not considered advisable that they should take on the work of Sub-Registrar in addition to their other duties. An amendment to section 287 (2) of the Act is therefore required to provide that copies of applications for the registration of documents relating to immovable property in the cantonment should be forwarded for information to the Cantonment Authority or such authority as the Governor-General in Council may prescribe in this behalf at the time when the application is presented.

W. R. BIRDWOOD.

The 17th August 1926.

The following Bill was introduced in the Council of State on the 19th August 1926:—

No. 6 of 1926.

A Bill further to amend the Indian Limitation Act, 1908, for certain purposes.

WHEREAS it is expedient further to amend the Indian Limitation Act, 1908, for certain purposes hereinafter appearing; It is hereby enacted as follows:— IX of 1908.

Short title. 1. This Act may be called the Indian Limitation (Amendment) Act, 192 .

Amendment of section 20, Act IX of 1908. 2. In the proviso to sub-section (1) of section 20 of the Indian Limitation Act, 1908 (hereinafter referred to as the said Act), the words "in the case of part payment of the principal of a debt" shall be omitted. IX of 1908.

3. To section 21 of the said Act the following sub section shall be added, namely :— Amendment of section 21, Act IX of 1908.

"(3) For the purposes of the said sections—

(a) an acknowledgment signed, or a payment made, in respect of any liability, by, or by the duly authorized agent of, any widow or other limited owner of property who is governed by the Hindu Law, shall be a valid acknowledgment or payment, as the case may be, as against a reversioner succeeding to such liability; and

(b) where a liability has been incurred by, or on behalf of, a Hindu undivided family as such, an acknowledgment or payment made by, or by the duly authorized agent of, the manager of the family for the time being shall be deemed to have been made on behalf of the whole family."

4. (1) In article No 132 in the First Division of the First Schedule to the said Act, for the *Explanation* in the first column the following *Explanation* shall be substituted, namely :— Amendment of First Schedule to Act IX of 1908.

"*Explanation*.—For the purposes of this article—

(2) In article No. 166, in the Third Division of the same Schedule, to the entry in the first column the following shall be added, namely :—

"including any such application by a judgment debtor."

STATEMENT OF OBJECTS AND REASONS.

In Chapter 41 of their Report the Civil Justice Committee made recommendations for a number of amendments in the Indian Limitation Act, 1908, and the Local Governments and High Courts were consulted in the matter. The consensus of opinion is in favour of the following recommendations :—

(1) that the proviso to sub-section (1) of section 20 should be amended so as to make the payment of interest also subject to the condition that the fact of payment should appear in the hand-writing of the person making the same ;

(2) that limited owners under the Hindu Law, and the *Karta* or manager of a joint Hindu family should be enabled to make acknowledgments and payments under sections 18 and 20 ;

(3) that article 132 should be amended so as to make it clear that a suit to recover the value of paddy and such like produce charged on immoveable property comes within this article ;

(4) that article 166 should be amended so as to make it clear that it applies to a petition by a judgment debtor under section 47 of the Code of Civil Procedure, 1908.

The Bill gives effect to these proposals. The Committee's recommendation for the amendment of article 5 of the First Schedule to the Act was effected by Act XXX of 1925, and those for the amendment of articles 35, 133 and 134 are under separate consideration. The remaining recommendations, viz., those in paragraphs 3, 4, 8, 10, 11, 12 and 13 are not being pursued.

STATEMENT OF OBJECTS AND REASONS.

The Bill gives effect to the following recommendations of the Civil Justice Committee :—

(1) That in the case of a joint Hindu family if the value of the immovable property belonging to it exceeds Rs. 1,000—

(a) no separation of interest so as to make the members of the family or any of them cease to be undivided should be effected otherwise than by a registered instrument, whether any actual division of property be or be not made or agreed on in connexion therewith;

(b) no partition of the whole or any part of the immovable property belonging to such family should be valid unless the same be made by registered instrument :

Exception from these requirements should be permitted in the case of any decree or order of a Court, and any instruments of partition made by a Revenue Officer :

(2) that Local Governments should be empowered to prescribe rules for valuation for this purpose ; and

(3) that in the case of persons governed by the Hindu Law—

(i) surrenders by a widow,

(ii) releases by a co-parcener,

(iii) family settlements, and

(iv) grants for maintenance,

should be effected only by a registered instrument, if immovable property of the value of more than Rs. 100 is affected thereby.

When these transactions are not effected by registered instruments, they are dependent for proof on oral evidence which necessarily takes up considerable time of the Courts. The object of these recommendations is to place the transactions, as far as possible, beyond doubt, and thus to obviate delay in the disposal of suits by the Courts. The Local Governments and High Courts were consulted in the matter, and the Committee's proposals have met with considerable support.

CULTIVATION STATEMENT—JULY 1926—REVIEW.

(On an average of the five years ending 1925-26 the area sown from April to July represents 19 per cent of the cultivation on dry lands and 26 per cent on wet lands.)

General.—The south-west monsoon continued to be active in the beginning of July and there was very heavy rainfall on the West Coast and the Nilgiris up to the 10th when the monsoon weakened. It strengthened again in the last week of the month and heavy rain was received in these tracts up to the end of the month. Fairly good rain was received in the Circars during the first half of the month. On the whole, the rainfall during the month was good in the greater part of the Circars, Cuddapah, Nellore, Chinglepet, Chittoor, North Arcot, the West Coast and the Nilgiris and poor elsewhere. Water-supply was generally sufficient except in parts of the Deccan, South Arcot, the Central districts, Madura and Ramnad.

Transplantation or sowing of paddy was general in most districts, especially in the Circars and on the West Coast. Ragi was sown or transplanted in Ganjam, Vizagapatam, Nellore, the Central districts and Ramnad. Other crops sown were cholam in Guntur, Bellary, Anantapur, Coimbatore, Trichinopoly and Madura, cumbu in Vizagapatam, Guntur, the Deccan, Nellore, the Central districts and Madura, korra in Guntur and the Deccan, varagu in Guntur, Kurnool and Madura, pulses in Guntur and Bellary, groundnut in Guntur, the Deccan and Chittoor, castor in Guntur and Anantapur and cotton in Guntur, Bellary and Anantapur.

2 *April to July* 1926—*Sowings—Dry*.—The area sown from April to July was less than the average by 2 per cent and more than last year's figures by 4 per cent. The increase over last year was mainly in the Deccan while the decrease compared with the average was mainly in the Central districts.

Wet.—The total area was more than the average by 9 per cent and slightly less than last year's figures. The increase over the average was mainly in East Godavari, West Godavari and Kistna.
